MISSION

To enable our team, and to empower our clients through the concept of humane technology and digital freedom. To make a difference while respecting and welcoming everyone, wherever they are in their digital journey.

VISION

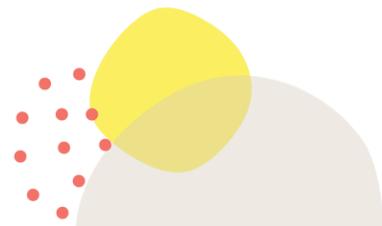

To enable others to make an impact. To see more and more people access and use technology consciously with consideration, for the better, believing that if they are confident using it, they will use it for good. They will leverage it to amplify their impact and voice, focusing on the quality of 'what', rather than 'how.'

PEOPLE ARE THE CENTER OF EVERYTHING
THAT WE DO, BOTH ONLINE AND OFFLINE,
WHICH IS WHY WE FOCUS ON KINDNESS,
RESPECT AND EMPATHY.

“ We support businesses via a kind leadership in their digital marketing approach and implementation, offering an end-to-end solution they can trust, making sure they feel less lonely, encouraged, independent and empowered in shifting their mindset and adopting the best knowledge, skills and hands-on practices online.

Our Director, Marie, is also a Kind Warrior and Coach supporting clients to align who they are in life, at work and in the digital space. She is passionate about leaving people better than she found them.

She believes in using technology for good and advocates for more kindness online and self-care in the digital space.

WE'RE CHANGEMAKERS

At Them You & Me Digital, it is our mission and purpose to help others who may not be as privileged as ourselves.

Even as we assist our clients with their online presence, we simultaneously enable and empower others with the opportunity to learn and thrive, providing them a second chance. Through building such a culture of giving back, we are also offering our clients and community a way to give back through us, thus connecting them to the values we hold dear.

The future is people, and we believe that talent and potential can be recognized, given the opportunity to grow in a giving environment. So, this is what we do.

We draw inspiration from the hummingbird, a constant reminder that though small, we do the best we can. Each one of us matters, and every little thing we do counts for long-lasting change. And together, we can really make a difference and amplify the impact. If you're our client, you're part of the change. You're a changemaker!

“ BUSINESS FOR US MEANS PURPOSE.
WE TRIGGER POSITIVE CHANGE AS WE GUIDE OUR
CLIENTS IN THE DIGITAL SPACE, ENABLING THEM
TO USE TECHNOLOGY FOR GOOD, ALIGNED WITH
THEIR VALUES.
